Metodologiya

Barcha mazmun Figma dizaynidan olingan. Boshqa manba ishlatilmagan.

Kiritilgan

- Figma'da **ko'rinadigan** qatlamlardagi ekranlar
- Ekran matnlari — **so'zma-so'z**, imlo xatolari bilan
- Figma uslublari: paint / text / grid / effect
- Ekran holatlaridan kelib chiqadigan oqim va qoidalar
- Har bir tugunning id va o'lchami

Kiritilmagan

- Figma'da **yashirilgan** qatlamlar — eskirgan iteratsiyalar
- Begona shablonlar: TailAdmin, Car Rental, proytecto-MC
- Texnologiya va arxitektura takliflari
- Me'yoriy hujjat talqinlari, sanoat amaliyoti
- Dizaynda yo'q har qanday taxmin

Qanday olingan

- Figma Desktop Bridge (plugin) orqali
- `loadAllPagesAsync()` + daraxt bo'ylab yurish
- Matnlar koordinata bo'yicha saralangan
- Rasmlar `exportAsync` bilan renderlangan
- Audit izi: `.figma-cache/`

Dizayn javob bermagan joylar taxmin bilan to'ldirilmadi — ular «**aniqlanmagan**» deb belgilanib, VIII bo'limda yig'ib berildi.

Figma fayl tuzilishi

Uch sahifa manba, qolganlari ish materiali yoki begona kontent.

Qatlamlar holati — eng muhim struktura fakti

Figma'da bir qancha qatlam **yashirilgan** (`visible = false`). Yashirilgan qatlam — dizayner tomonidan almashtirilgan eski iteratsiya, ya'ni **talab emas**. Ushbu hujjat faqat ko'rinadigan qatlamlarga asoslanadi.

QATLAM	ID	HOLAT	FARQI
Admin › Maintainance	268:30430	yashirilgan	4 tab: Schedule / Upcoming / Verification / History
Admin › Maintainance	1225:5291	amaldagi	3 tab: Schedule / Due / History
Admin › Subscription x2	498:3772 · 498:4353	yashirilgan	Obuna moduli qamrovda yo'q

Mobile › Light Theme	1070:6813	amaldagi	Inspection Report nomi, Maintenance yo'q
Mobile › Dark Theme x2	2665:25648 · 3497:433	amaldagi	Light temaning nusxasi

Tablet › Light / Dark Theme	1470:21013 · 2197:104566	amaldagi	Duty Status / Actions panelli

Amaliy natija: mobil Maintenance moduli bu bosqichda yo'q — ekranlar `Not part of this phase` (2627:25743) deb nomlangan freym ichida, joriy `Profile` menyusida `Maintenance` bandi ham yo'q.
